

# Paris AirTap – Events & Functions

*The hottest rhythmic and visual stage numbers for events, cabarets, festivals and private parties.*

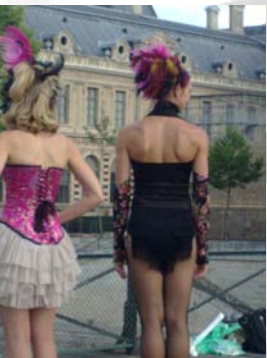

## **Swing Time**

The golden age of dance. Think Fred Astaire & Ginger Rodgers dancing cheek to cheek to Frank Sinatra or a pin striped pair charming the crowd. Classic, elegant and toe tapping. Past performances include the Hilton in Mumbai; Eldorado Fanara (Sharmlel Sheikh) Egypt; Beau Rivage, Geneva.

## **Total Tap!**

Think STOMP, think TAP DOGS- the rhythm as pure energy that propels the dancers and elates the audience on a high and into a trance- like state. A Capella or with musical accompaniment, with tap shoes or accessories (brooms,bins, golf clubs); a rhythmic delirium.

## **Cabaret-Burlesque**

Glamorous and theatrical, Air Tap presents numbers to seduce and entertain with humour and class. Past performances include The Whoopee Club, Hiphip (London), The Olympia, Divan du Monde and Café de la Danse (Paris), Very Cherry burlesque (Rotterdam) and Lost Vagueness Casino, (Glastonburty Festival).

## **Jazz**

There's nothing like live tap dancing with a hot band. Airtap collaborates with various musicians and bands to present concerts to the beat of swing, bossa, funk, New Orleans or latin jazz.

## **Themed performances**

Airtap work with a team of creatives specialised in events to performances for events, functions and festivals. Masquerade, latin night, gangster, ballroom dance...

create themed  
back to school,

## **Club performances**

Airtap presents the concept of live performance with DJs for festivals and bars & clubs. Vibrant, festive and sexy. Past performance include Fabric nightclub in London, The Market in Melbourne, Australia and live with rising electro-pop star Antigone in Sydney, Australia.
